* "Trends in the numbers of inpatients" are based on the "Surveillance of Status of Care for Patients with Novel Coronavirus Infection and Number of Beds" by the Ministry of Health, Labour and Welfare. In this surveillance, the results as of 0:00 on the presentation date are published. For the number of severe patients, the subject criteria are different from those for the data published before August 14. ↑, ↓, and → indicate increase, decrease, and the same level, respectively, compared to the previous week.
