* "Trends in the numbers of inpatients" are based on the “Surveillance of the Status of Care for Patients with the Novel Coronavirus Infection and the Number of Beds,” by the Ministry of Health, Labour and Welfare. With this surveillance, the results as of 0:00 on the presentation date are published. Regarding the number of severe patients, the subject criteria differ from those for the data published prior to August 14. ↑, ↓, and → indicate an increase, a decrease, and the same level, respectively, compared to the previous week.
